Welcome to the 166th Annual Crawford County Fair

The Board of Crawford County Commissioners wish to give a sincere Thank You to all the hard working people of our community who have dedicated their time and energy in order to make this year's fair a great success.

The future of our community depends on activities such as the fair in order for our future leaders to learn the skills they need to succeed in life like dedication, commitment, honesty and hard work. Skills they will need in the workplace in order to be contributing members of our society.

Thank you for being part of the best family fun time of the summer.

2023 OUTSTANDING FAIR SUPPORTER KATE SIEFERT

Our 2023 County Fair Outstanding Fair Support is Kate Siefert! Kate grew up on a farm in Huron County where her dad was a farmer, and her mom was a schoolteacher. She got her first job at 11 for a wheat weaving neighbor. She harvested wheat by hand, then cleaned and sorted it into lengths. She went to The Ohio State University majoring in wildlife management, with a degree in natural resources. That led to a position with Penn State as a research tech in the wildlife division, allowing her to work on wildlife and habitat studies for all species, including the black bear. In 2000 Kate joined the Crawford County Soil and Water Conservation District office, as an engineering technician. Kate enjoyed working outside with farmers where she got her training in soils. In 2002 she met her future husband, Shane on a blind date. They married in 2004 and have 2 children. The health department, at the time, contacted soil and water when a house was being built to evaluate the soil for septic systems. Kate was offered a job of sanitarian to be a health inspector. Kate was promoted to environmental health director in 2007. The board of Health promoted her to administrator in 2014 and she became responsible for overseeing all five divisions of the health department- environmental health, public health nursing, WIC, Help Me Grow and vital statistics. Kate completed her master's degree in 2015 from Kent State University to become the Health Commissioner of Crawford County in 2018. Kate is a huge part in keeping the fair running smoothly, from all the inspectors that make sure the concession trailers are running safely, to keeping our campground safe. During COVID Kate was asked to be on the State advisory board charged with county fair safety recommendations. She was instrumental in helping to ensure that fairs in Ohio, not just Crawford County, provided our 4-H exhibitors positive memories while incorporating measures that reduced the spread of illness. Kate was a great asset in providing the necessary information to keep our fair running smoothly and safely in those difficult years of COVID and beyond. Her children show at our fair and she cannot walk the midway without questions regarding health and safety and she is always willing to lend an ear and show her support to the fair board and its patrons to continue the long running relationship between the safety of the fair and the fairgoer. In 2022 Kate was influential in getting the Mobile Health Unit to come to our fair in its inaugural debut to do FREE health assessments to our fair patrons, including A1C, Cholesterol, Blood Pressure, BMI & COVID vaccines. We would not have made it through the last few years without the help and support of the Health Department and Kate Siefert, that is why she is our outstanding fair supporter, for Crawford County.

LIVESTOCK SHOW FACT SHEET

LIVESTOCK EXHIBITION IN 2023

The Ohio Livestock Show Reform Act authorizes the Director of Agriculture to adopt mandatory and optional rules. Mandatory rules apply to all livestock shows, while the sponsor has the option to opt out of the optional rules on an individual rule basis. If a sponsor decides not to opt out of an optional rule, the rule then becomes mandatory. The following is a clarification of how the statute (Ohio Revised Code) and rules (Ohio Administrative Code) are to be interpreted and applied at all **terminal, partial terminal and non-terminal** livestock exhibitions in Ohio:

1. Livestock is inclusive of all species, except equine;
2. Livestock exhibitions include all county and independent fairs, the Ohio State Fair and **all preview and jackpot shows**;
3. A sponsor is any entity who conducts an exhibition **including preview and jackpot shows**;
4. The sponsor **may** opt out of any or all of the optional rules at least **30 days prior to the opening** (a form will be provided and must be returned to the Ohio Department of Agriculture, Division of Animal Industry, 8995 East Main Street, Reynoldsburg, Oh. 43068);
5. Effective February 13, 2004, exhibitors shall annually attend or complete a quality assurance program before exhibiting terminal or partial terminal market livestock, or at the option of Ohio State University Extension, annually pass a test administered by or under the supervision of Ohio State University Extension.
6. Effective February 19, 2007, OAC 901-19-07, exhibitors may pass a test based on age and skill level to be exempt from quality assurance re-certification. This exemption is at the discretion of OSU Extension or Ohio agricultural education.
7. Swine being sent to a licensed livestock facility or going out of state for slaughter or commingled with out of state swine must be identified with an official eartag or four digit tattoo.
8. The department does not require Certificates of Veterinary Inspection for exhibition livestock originating in Ohio including swine. However, an exhibition sponsor can choose to require additional regulations above those of the department.
9. Ohio obtained Stage 5 pseudorabies status on January 1, 2001. Pseudorabies testing is no longer required for Ohio swine to be exhibited. **October 2004** - all states achieved Stage 5 status.
10. Effective February 15, 2003, the optional rule, OAC 901-19-33 (D), prohibits the slick clipping or body shaving

of market hogs except on the ears and tails. The word Aunderline@ has been removed from this rule;

11. Effective February 15, 2003, OAC 901-19-02 (II) “slick clipping” or “body shaving” means having hair that is less than one half inch in length on the body of market hogs;
12. **Even if the sponsor opts out of one or more of the optional tampering rules, the statute prohibits the use of any material, gas, solid, or liquid, that conceals, transforms or enhances the true confirmation or configuration of all livestock, including by way of example but not limited to rope, false hair, graphite, and hemp;**
13. For **breeding classes** the rules of the breed association will constitute **acceptable** grooming practices;
14. Effective May 31, 2001, an acceptable practices rule, **OAC 901-19-12 (Q)**, only permits drenching of lambs for a medical condition at an exhibition when diagnosed by a licensed veterinarian and an unacceptable practices rule, **OAC 901-19-13 (H)**, drenching of lambs at an exhibition is prohibited except as permitted under paragraph (Q) of rule 901-19-12 of the Administrative Code.
15. Effective February 13, 2004, OAC 901-19-38 (C), **accessory reproductive tissue was removed from the false, deceptive or unacceptable practices rule.**
16. Effective February 12, 2007, identification requirements for sheep and goats were added to OAC 901:1-18-07 and OAC 901:1-18-09.
17. The Exhibition Livestock Health Rules apply to any exhibition over **36 hours** in duration or has livestock **whose origin is not Ohio** and that exhibition must have an **approved veterinarian** (a form will be provided and must be returned to the Ohio Department of Agriculture at least **20 days prior to the opening date**);
18. Junior market livestock shows at county and independent fairs and the Ohio State Fair are defined as either terminal or partial terminal shows:
 - a. partial means that at least the grand and reserve grand champion animals are required to go to slaughter or **directly** to a licensed livestock facility for slaughter only,
 - b. terminal means all market livestock go to slaughter or **directly** to a licensed livestock facility for slaughter only;
19. Preview and jackpot shows, as well as breeding classes are **non-terminal shows**;
20. At all terminal, partial terminal and non-terminal shows **urine and hair samples** may be collected;
21. A Drug Use Notification Form (DUNF) **will be required** to be completed for all livestock for which a test sample is collected;

-
22. OAC 901-19-06 (D) the Director of Agriculture shall require a DUNF be completed for livestock including market steer, market hog, market lamb, veal calf, market dairy steer, market goats, market poultry, lactating dairy cattle and lactating dairy goats, and **be reviewed locally** (assistance will be available from the Ohio Department of Agriculture by faxing the form to 614-728-6310);
 23. **For all shows the statute prohibits** the misuse of legal drugs (including but not limited to the use of drugs approved for use in humans, but not approved for animal use) and the use of illegal drugs;
 24. The statute **prohibits** the showing of **tranquilized** livestock, including products such as Calf Calm, and **diuretics for cosmetic purposes**;
 25. All livestock entered in a carcass contest at a terminal, partial terminal, and non-terminal show must be drug **free on the day of show**:
 - a. the withdrawal time must have elapsed by the day of show, or
 - b. the drug must not exceed the tolerance level on the day of show;
 26. Immediately before or during a terminal and partial terminal show and sale and within a **valid veterinarian-client-patient-relationship (VCPR)** or for a **valid medical purpose** a drug or an over-the-counter (OTC) drug may be used if it is **declared on a DUNF** and the drug's **side effect does not conceal, transform or enhance** the conformation of the treated livestock, any such permitted drug use must be **disclosed at the time of sale**;
 27. The drug use notification form shall be filed with the records official prior to the show in which the animal is entered. If at any time, the information on the original drug use notification form changes, an updated form shall be filed **immediately** with the records official.
 28. At non-terminal shows the use of drugs requires a **VCPR** for prescription and extra-label use of drugs, and OTC drugs must be used for a **valid medical purpose** and according to label directions and **must be declared on a DUNF**.

The preceding is not intended to be an all encompassing review of the statute and rules as they pertain to livestock exhibitions in Ohio. Exhibitors, exhibition sponsors, parents, advisors, and veterinarians are encouraged to call the Ohio Department of Agriculture, Dennis M. Summers, D.V.M., Dipl.ACVPM at 614-728-6220 with any questions.

The success of this program is based on the continued input and cooperation of educators, industry, and government. Through your continued support, Ohio will continue to be a national leader in livestock show reform.

The president and the secretary of the society shall see that proper ballots are provided for the holding of the election, and shall be the only persons who shall have authority to order the ballots for the annual election. All ballots shall be consecutively numbered and perforated so numbers can be torn off by judges.

ARTICLE VI

In case any officer of the society or member of the board of directors dies, resigns, or declines to serve or in case there is no election for a certain office, the board of directors shall, on motion, supply his/her place at any regular or called meeting of the election of some other members of the society.

Provided always that if such person is the president or vice-president he/she shall be taken from membership at large, and if a director, the person selected must be from the same township, city or village as the one whose place he/she is to supply. Term to run until the next regular election.

ARTICLE VII

Should this article conflict at any time with the state law, the state law shall be complied with. The name, address and township of each person purchasing a membership must be written thereon, and also on the stub from which it is detached.

The membership ticket may be purchased from the secretary, treasurer or any member of the board of directors, but in no case shall more than one membership be purchased by anyone and that for himself or herself. Memberships shall be placed on sale at least two weeks before old memberships expire on January 1 of each year and shall remain on sale at least thirty hours each week at a place specified by the society until five days before the annual fair of the society, when the society may discontinue the sale. Neither shall any membership books be sold in block, nor are memberships transferable.

ARTICLE VIII

The board of directors shall meet annually on the last Wednesday of November of each year and elect a president, vice-president, secretary and treasurer. The president, vice-president and the treasurer shall serve one year, and the secretary not more than three years as the board may determine, and until their successors are elected and qualified.

The president and vice-president shall be directors. The secretary and treasurer may or may not be directors.

Before election of officers, the newly elected directors shall qualify by taking the following oath (or affirmation) before a competent authority:

"I do solemnly swear (or affirm) that I will support the Constitution of the United states, the Constitution of Ohio, Laws of Ohio, and rules and regulations of the Department of Agriculture of Ohio pertaining to agricultural societies and to the best of my ability perform the duties of director of the Crawford County Agricultural Society, so help me God."

The president may at his own option call special meetings of the board and shall do so at the written request of five members of the board. At least one week's notice of such meetings shall be given to each member of the board.

ARTICLE IX

There shall be an exhibition of fair of the society held annually at some period between the first day of July and the first day of November in each year, unless for specified reasons, a majority of all members of the board of directors, concurring, it is decided not to hold such exhibition or fair during some particular year.

ARTICLE X

A list of articles and animals of which premiums are to be awarded must be published in one or more newspapers, or in handbills or in pamphlet form at least three months previous to the commencement of each annual exhibition of the fair.

ARTICLE XI

The constitution or by-laws of this society shall not be amended except by a majority vote of the membership voting at the annual meeting of the membership of the society, which annual meeting shall be the date of the meeting of the board of directors held in December of each year.

Amendments to the constitution or by-laws may be proposed by any member of the society to the board of directors of said society at any regularly scheduled meeting for their approval. If approved by majority of board of directors, said amendment shall be voted on during the annual meeting of the membership of the society. When more than one amendment shall be submitted at the same time, they shall be so submitted as to enable the members to vote on each amendment separately.

2. (If you entered/spelled something incorrectly on the previous screen, you have the option to Delete this Exhibitor on this screen.) Enter the information on the Contact Info screen—the only required field is the top Home Phone Number. You can use the same email address that you used to create the account, or an alternate one unique to the exhibitor. If they wish to receive text messages, enter the cell phone number and carrier. That number can be the same as the Home Phone Number entered above, or different. Click Continue when you are finished entering data.

The screenshot shows the 'Contact Info' screen in a setup process. At the top, a progress bar has six steps: 1. Personal Details, 2. Contact Info (current), 3. Address, 4. Questions, 5. Files, and 6. Review. A user profile for 'Helsheet, Becky' is shown on the left. Below the progress bar, there's a 'Delete this Exhibitor' button. The main form area is titled 'Contact Info' and contains four fields: 'Home Phone Number' (Required), 'Email Address' (Optional), 'Cell Phone Number' (Optional), and 'Cell Phone Carrier' (Optional). Each field has a format hint. At the bottom, a message states: 'The form is incomplete. Please complete the form.'

3. Enter the mailing address. All fields, except Address continued, are required. If the exhibitor has the same address as another exhibitor in the Exhibitor Group, simply click “Copy” to add the address to the current Exhibitor record. Click Continue when all information is entered correctly.
4. If your fair or show requests a Social Security Number for 1099 purposes, that will be Step 4 on the progress bar. Social Security Numbers are fully encrypted and only the last 4 digits will be visible after the number has been saved.
5. If your fair or show asks additional questions, those will be step 4 or 5 on the progress bar at the top. Answer any questions, and click Continue.

If your fair requires you to upload any files for the exhibitor, those will be step 5 or 6 on the progress bar. Upload requested files, and click Continue.

The screenshot shows the 'Address' screen in the setup process. The progress bar at the top has six steps: 1. Personal Details, 2. Contact Info, 3. Address (current), 4. Social Security Number, 5. Questions, 6. Files, and 7. Review. The main form area is titled 'Address' and contains a warning: 'The exhibitor's address is very important! If this exhibitor will be receiving checks from the fair, those checks will be mailed to the address entered here.' Below this, there's a 'Copy' button next to a sample address: '123456, Dallas, TX 75202'. To the right, there are five required fields: 'Address', 'Address continued', 'City', 'State', and 'Postal Code'. At the bottom right, there is a 'Continue' button.

Review the exhibitor information. If any information is incorrect, click the green Edit button in the appropriate group to change it. When all information is correct, click Continue to Entries.

The screenshot shows the exhibitor registration review interface. At the top, a progress bar indicates the steps: Personal Details, Contact Info, Address, Questions, Fees, and Review. The 'Review' step is currently active. Below the progress bar, there is a summary of the exhibitor: 'Helpsheet, Becky' with a 'Delete' button. A 'Delete this Exhibitor' button is also present. The main section is titled 'Please review the exhibitor registration.' with a 'Continue to Entries' button. Below this, there are two panels: 'Personal Details' and 'Contact Info', each with an 'Edit' button. The 'Personal Details' panel shows: First Name: Becky, Last Name: Helpsheet, Date of Birth: 5/55/2000, Gender: Female. The 'Contact Info' panel shows: Email, Home Phone: 555-123-4567, Cell Phone, and Cell Phone Carrier.

Creating Entries

Each exhibitor can have multiple entries. One entry must be made for each item, animal, class, etc. For example, if an exhibitor is bringing 2 photographs, two entries into the photography class must be created. If an exhibitor is showing one horse in 5 events, five class entries must be created. Once all entries have been created for the first exhibitor, you have the choice of creating another exhibitor in this exhibitor group (and entries) or proceeding to check-out (submitting the entries, whether or not fees are charged).

1. Click Add an Entry beside the correct exhibitor (if more than one has been created).
-

The screenshot shows the invoice summary screen. At the top, there are three tabs: Exhibitors, Entries, and Payment. The 'Payment' tab is selected, showing a total of \$0.00. Below the tabs, a message states: 'There are 2 entries belonging to 1 exhibitor in this invoice.' Below this message, there is a summary for 'Helpsheet, Becky' with a '0 Entries' count and an 'Add an Entry' button.

2. Click Select beside the first department you wish to enter. Any departments that are not available for entry will be noted as “Not Available” with a short explanation.
 3. After you select a department, you will see a list of divisions to select from, and then a list of available classes. *Also notice that there are blue “Change” links in case you mistakenly select an incorrect department, division, or class.*
 4. After you have selected the class, click the green Choose button.
-

The screenshot shows a dialog box titled 'Choose Department and Division'. It has two input fields: 'Department' with the value 'Horse' and 'Division' with the value '212: Horse Showmanship'. Each field has a 'Change' link to its right. At the bottom of the dialog, there are 'Cancel' and 'Choose' buttons.

Multiple Entry Process

5. If your fair or show has turned on the Multiple Entries option for this area, you will see a screen similar to the view at the right. If you do not see checkboxes next to each class, this area uses the single-entry process (see step 14).
-

6. Click Change to select the Club to which these entries will be associated.

7. If this is an Animal Entry, click Add Animal and enter the Animal's details.
 8. If this is a pen or group entry, Add multiple animals and then select to Enter a pen of animals.
 9. Select which animals will be part of this entry (NOTE: these animals will be available for this exhibitor to use in other entries, if needed).
- Check the box next to each class this animal will enter.

Company's Coming Contest

NEW JUDGING DATE:

Monday, July 10th, 2023 6:00pm

Rebecca Miller and Barb Koschnick - Coordinators

This contest was created in 1990 by Mary Lee Minor who with the Earth, Wind and Flowers Garden Club cosponsored the project with the Senior Fair Board to add much needed landscaping and flower plots to the fairgrounds. In 1999, the club received the top beautification award from the Ohio Association of Garden Clubs, Inc. for their planting efforts.

Entry to the contest is open to any individual, group or organization in Crawford County.

Entry forms are available at the Senior Fair Office. Entry forms will be mailed to the previous year's participants. Any questions, call the office at 419-562-7936.

Entries due July 7th, 2023 by 5:00 pm.

Plots will be separated into small, medium and large categories. Plots may be subject to change in categories to keep the number of entries in each category more evenly divided.

Plots will be judged on a scale of 1 to 100 with points given on 1) the overall look of the planting, 2) originality, 3) health of plantings and 4) quality of workmanship.

It is highly recommended for participants to do a final inspection of their plots before the judging begins.

The Senior Fair board will award prize money for the overall grand prize winner and to the 1st, 2nd, and 3rd place winners in each category. The amount of \$10 will be awarded to all non-winners in the small and medium categories and \$20 to the large category. Markers will be placed in the winning plots.

Prize and award money can be picked up at the Senior Fair Board office any time after Wednesday of fair week and continuing through the end of the fair.

All prize money not claimed by end of fair will be considered a donation to the Crawford County Agricultural Society.

ARTISTIC DESIGN RULES

1. Registration is online at **fairentury.com**. Contact one of the chairmen with any further questions on how to get registered. You may also contact the fair board with questions.
2. To serve the educational strength of the show, each exhibitor of an artistic design shall list the plant materials used on a 3x5 card supplied by the committee. Junior exhibitors must state their age. The card should be placed on the show table near the entry tag; neither should be fastened to the artistic unit.
3. Artistic designs may include treated, dried or painted dried materials. No artificial plant material may be used such as artificial fruit, foliage, or flowers. **Breaking this rule results in disqualification.**
4. Accessories may be used. An accessory is anything that is not a plant in origin. Stones, feathers, and figurines are some examples. A beige/white wall is the background, but an exhibitor may provide a different background if it is confined to the dimensions.
5. **Designs shall not exceed 32w x 24d** unless stated otherwise.
6. To strengthen the value of locally grown materials in designing, floral art shall demonstrate the use of plants indicative of Ohio gardens. Houseplant materials may be used in designing. **The following flowers may be entered or displayed as houseplants, but they are not considered 'garden grown' for designing: protea, anthurium, and Bird of Paradise.**
7. An exhibitor may place only one entry in each titled artistic class.
8. Artistic Sweepstakes will be awarded to the adult exhibitor earning the most points in the First and Second show. Points are tallied in this way: **first place, 5 points; second place, 4 points; third place, 3 points.**
9. **NOVICE ONLY entries (Class 1, entry 6 also Class 9, entry 74) are open to those who have not won more than ten blue ribbons in design. Novices are welcome and encouraged to also enter all other open class artistic and horticulture classes.**

RULES FOR THE FEATURED ARTISTIC EXHIBITS

Entry 7, Entry 8, Entry 75, Entry 76

1. **An exhibitor must contact the flower show chairman by July 7 at Noon to sign up for these class entries. DO NOT PUT THESE four CLASSES ON THE ENTRY FORM.** Only four (4) exhibitor teams will be accepted. Only one exhibitor need contact the chairman to enter. These will be chosen by the co-chairs in order of submission. The co-chairs will secure the tickets for these entries.
2. **The flower show committee is requiring teamwork for featured artistic exhibits, because of time and materials required. A team must consist of two or more people who have secured their exhibitor passes.**
3. **First show entry must remain for the second show. These exhibits will be judged at each show.**

HORTICULTURE AND HOUSEPLANTS

GENERAL RULES

1. All horticulture and houseplant entries are to be labeled with the variety name of the plant on the entry tag. This is important to the viewing public and may be used to determine a 'Best of Show' winner by the judge.
2. Entries must have been grown by the exhibitor.
3. An exhibitor may enter more than one entry in each horticulture class, provided each one is a **different named** cultivar. Please note that new entry divisions have been created to allow for easier class division, i.e. Coleus, entry 15-20. Also, with the new computerized tickets, there will be **NO EDITS ALLOWED ON THE TICKETS!**

What appears on the entry ticket must be what is entered.

4. Horticulture must be displayed in **clear** glass so that the judge can easily see the stem and foliage. The committee has clear containers but encourages exhibitors to use their own so that specimens will be supported well and in proportion.
5. Cut a stem so that its length is in good proportion to the bloom.
6. Foliage naturally growing on the stem should not be removed. This is considered important to health, vigor and cultivation. Plants should be clean and free from dirt or spray residue. Make sure to remove leaves that are below the water line. **Using plant shine products will lead to disqualification.**
7. When one bloom is required, remove small side buds cleanly. Leave foliage on.
8. Improperly groomed entries and those not disbudded may lose points or be disqualified.
9. Potted houseplant entries for class 6 should be shown in containers no larger than 14" and be in good proportion to the size and maturity of the exhibit. **Exhibitors must have possession of the plant for at least three months;** this demonstrates the grower's skills.
10. **NOTICE-Each exhibitor must stop at the entry and classification table with your entry/s so that a committee member may verify that your entry is placed in the correct location and you have complied with the above rules.**
11. Horticulture Sweepstakes will be awarded in each show to the adult exhibitor entering the greatest total number of horticulture specimens in the show.

Any questions about design specifications, please feel free to call the show chairman. Design examples may be found on the Internet at **Pinterest.com/ohiogardenclubs** and click on the floral design board. Keep in mind the rules stated in the schedule! All photos may NOT follow the rules as stated in the Ohio Association of Garden Clubs Handbook for Exhibitors and Judges. OAGC.org has design examples for OAGC members. Contact the chairman if you would like more information about joining OAGC.

GENERAL JUNIOR FAIR RULES & INFORMATION

JUNIOR FAIR LIVESTOCK TAMPERING AND / OR MISREPRESENTATION

Tampering and/or misrepresentation as to breeding, age, ownership, custody and any other irregularity in showing will be considered fraud and deception. To maintain a high degree of confidence and integrity in the livestock shows, the agricultural society reserves the right to disqualify any animal fitted in an unethical manner and disqualify the exhibitor and the exhibitor's assistants who fitted the animal.

The use of clenbuteral and other unapproved drugs is prohibited. Should fraud or deception, and proof, as determined by the agricultural society, be discovered after the animal or animals have been shown and prior to the sale, such animal(s) shall not be permitted to sell. The animals placing next in line at the show shall move up.

Should violation be discovered after the sale, all sale money shall be returned to the buyer and the animal, carcass or carcass value shall be returned to the exhibitor. All placings in the show will stand. No animals will move up. Any carcass suspected of being tampered with or suspected of containing drugs will be detained until the investigation is complete. All grand champion and reserve grand champion steer, hog, goat, and lamb will have a blood sample drawn before leaving the show ring. Other random blood samples may be taken at the discretion of the Fair Board. The show is terminal for the grand and reserve grand champion again in steers, hogs, goats, and lambs. The Agricultural Society shall supervise the transportation of said identified animals to the USDA approved facility for harvest. If the carcass is condemned at the packing plant for any reason, it shall be grounds for disqualification in the on-foot and carcass division of the show. Additionally, all premiums and sale money shall be forfeited and the loss of the animal be incurred by the exhibitor.

Protests to any and all rule violations will first be directed to the species committee in charge, with Senior Fair Board representative present, then to all livestock species committee chairpersons and finally to the Senior Fair Board. Their decision shall be final and without appeal.

CODE OF PRACTICES FOR LIVESTOCK EXHIBITORS

The following describes general responsibilities of the exhibitor and all persons in their authority, in the proper care and handling of animals raised for food and fiber:

- To provide food, water, and care necessary to protect the health and welfare of the animal.
- To provide a safe and healthy environment for the animal that is clean, well ventilated and provides ample space.

- To provide a well-planned disease prevention program to protect the health of the herd or flock.
- To make timely inspections of all animals to evaluate the health and ensure that all basic requirements are being met.
- To ensure proper handling techniques are used to eliminate any undue stress or injury when moving the animal.
- To provide transportation for the animal that avoids undue stress or injury caused by overcrowding, excessive time in transit or improper handling when loading or unloading.
- The willful mistreatment of any animal will not be tolerated.
- To make management decisions based upon scientific fact and to consider the welfare of the animal.

Current year “Ohio Livestock Tampering Exhibition Rules” are available upon request at the Senior Fair Board Office.
